

(Ages newborn to 18 months)

Kindermusik Village is a music curriculum for babies ages 0-18 months. Weekly lessons provide opportunities for:

- Intentional Touch (also called baby massage)
- Singing and vocal development
- Lullabies for rocking
- Active listening
- Instrumental play and exploration
- Creative movement
- Exploring musical concepts
- Reinforcing concepts from baby's world (for example: up/down)
- Discovery and mastery of baby's body

Kindermusik programs are designed by an array of professionals in the top of their fields. It is accredited by the National Association for the Education of Young Children (NAEYC), and is taught only by trained and licensed Kindermusik educators.

Research in music education tells us that the first few years are a critical time. We have learned that the combination of music, movement, and multi-sensory activities create the richest possible environment to promote development in all area of the child: physically; emotionally; socially; cognitively; linguistically; and musically. Rich early learning experiences have the power to shape a positive, lifetime attitude towards music and learning.

Musical experiences clearly can facilitate other areas of development:

- Spatial relations
 - Self esteem and self control
 - Constructive problem solving
 - Language and speech development
 - Motor skills and coordination
 - Listening, perception, and discrimination
 - Classification and sequencing
 - Creative, flexible thinking
- ... and so much more!

As a Kindermusik educator, I am proud to offer this class.

With the combination of rich, developmental activities and the joy of music

I hope to bring you and your child together for a

CELEBRATION OF CHILDHOOD

that will help him/her develop a love of music, learning, and self.

Regards,

Lori Savage
